Three-Year Plan for Transfer Payment Programs April 2011 Summary

SSHRC's three-year plan provides applicants, recipients, parliamentarians, ministers and other stakeholders with essential information to identify which of its planned departmental activities might have an impact on their specific programs of interest. This document has been prepared based on the reporting principles contained in the *Three-Year Plan for Transfer Payment Programs* to support Treasury Board Secretariat in its management oversight and budget office role. This document complements SSHRC's *2011-12 Report on Plans and Priorities* (RPP). Further details are provided within SSHRC's [program evaluation reports](#).

1. Grants and Scholarships is an umbrella transfer payment program encompassing several program activities. Evaluations of program activities proceed on a regular basis, so in every calendar year one can expect an evaluation of at least one of the programs. Please consult the complete evaluation plan in the supplementary tables to the 2011-12 RPP for individual program evaluations.

2. The Grants and Scholarships figures in the "Details of SSHRC's Transfer Payment Programs, 2010-11 to 2013-14" portion of Section III of the RPP include the Canada Research Chairs Program, but the latter is presented separately here. The Canada Research Chairs Program is not listed separately in the Main Estimates; however, we have identified them separately in this three-year plan, as they have specific Terms and Conditions.
